OBJECTIVE

Pre-final year Computer Science undergraduate specializing in Computer Vision and Machine Learning. Experienced in developing real-time detection systems using YOLO and OpenCV. Seeking an internship to apply deep learning and analytical skills in solving real-world problems.

EDUCATION

VIT Bhopal University, Sehore, MP B.Tech in Computer Science and Engineering	Expected May 2027 CGPA: 8.73/10
Seedling Modern High School, Rajasthan Class XII (CBSE)	2021 – 2022 83.4%
Hill Grove Col's Academy, Rajasthan Class X (CBSE)	2019 – 2020 87.2%

TECHNICAL SKILLS

Languages: Python, C++, Java
Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems
Web Development: React.js, Node.js, Express.js, REST APIs, Tailwind CSS, Bootstrap
Computer Vision / ML: YOLOv8, OpenCV, TensorFlow, Keras
Databases: MongoDB, MySQL
Tools: Git, GitHub, Docker, Postman, VS Code, Streamlit

EXPERIENCE

Computer Vision Intern – Mantratec May 2024 – July 2024

- Developed and optimized computer vision pipelines for object detection and recognition.
- Implemented models using YOLO, TensorFlow, and OpenCV achieving high accuracy on real-world datasets.
- Integrated computer vision modules into larger applications for automation and monitoring.
- Collaborated with engineers to debug and fine-tune ML models, improving inference speed and performance.
- Gained experience deploying models in production-ready environments.

PROJECTS

Real-Time Garbage Detection System [GitHub](#)
Python, YOLO, OpenCV

- Built real-time object detection pipeline using YOLO trained on custom dataset.
- Fine-tuned model achieving high-confidence detection with optimized inference latency.

HeadHawk – Real-Time Head Detection System [GitHub](#)
Python, YOLOv8, OpenCV, Streamlit

- Developed a real-time head detection system using YOLOv8 with a custom-trained model for accurate human head localization.
- Optimized inference pipeline to achieve low-latency detection suitable for real-time applications.

ADDITIONAL INFORMATION

- **Graphic Designing:** Experience with Figma and Canva for UI/UX and event design.
- **Clubs:** Active member of Hindi Club; coordinated inter-departmental event “Kavyamanch”.
